

Manufacturer's Tax Credit Certificate

Residential Energy Credits

The Residential Energy Credit 5695 offers tax incentives to encourage the use of renewable energy technologies, including wind powered energy saving devices, in homes and businesses. A federal tax credit for installation of Qualified Energy Property for residential wind equipment is in effect and Mistbox, LLC certifies that the model listed below and placed in service during or after 2018 meet the requirements for the tax credit.

Manufacturer: Mistbox, LLC 7676 Hillmont St. #191 Houston, Texas 77040

Class of Qualified Wind Energy Property: Residential Wind Electric Property

Product Name	Product Type	Model #
Mistbox	Residential Wind Electric Property	MBGENIIA1

Other Important Homeowner Information

Eligible homeowners can obtain a one-time tax credit of 30% for 2018-2019 and 26% for 2020 of the total investment (with no maximum) for all residential wind power system installations. Please note that the Internal RevenueCode imposes other important limitations and requirements for obtaining the federal tax credit.

*Note: The IRS is responsible for the implementation and administration of tax credits. Mistbox expressly disclaims all liability for damages of any kind arising out of a taxpayer's claim for an energy efficiency tax credit or the unauthorized alteration of the data listed in this Certification Statement. Please consult your tax expert on any tax credit to which you may be entitled.
